From transition to sustainable development;
What will it take?

George Bouma,
Regional Team Leader; Sustainable Development, UNDP
Romanian Development Camp 4th September
MAPS MISSIONS

Objective: Support for countries to contextualize the global agenda

- In Europe and Central Asia, MIC context – suitability of SD to address ‘transition’ issues?
- Voluntary National Reviews and support for reporting
- “MAPS Missions” - one week missions, with in-depth analytics before to inform SDG nationalisation and engaging UN agencies
- Mainstreaming, Acceleration and Policy Support (MAPS)
- Missions to Kazakhstan, Tajikistan, Turkmenistan, Moldova, Azerbaijan, Belarus, Armenia; Preliminary missions to Turkey, Serbia, BiH, Montenegro, Albania,
- Potential for cross-country engagement – supporting universality of the agenda

More than 100 requests for SDG support from countries around the world
CLUSTERING THE SDGS

Poverty Eradication  Food security  Health  Education  Gender

Water  Cons & prod
Climate  Ocean  Bio diversity

Prosperity

People

Inequality  Cities
SDG 1.1.1
Proportion of population below the international poverty line, by sex, age, employment status and geographical location (urban/rural)

The remaining indicators relate to social protection, access to services/resources, multiple dimensions of poverty, disaster exposure ‘the last mile’ and increasingly; who is vulnerable and what makes them vulnerable?
8.3.1 Proportion of informal employment in non-agriculture employment, by sex

10.2.1 Proportion of people living below 50 per cent of median income, by age, sex and persons with disabilities

Source: Estimated using International Futures: University of Denver – based on ILO data 2004-2010
13.2 Integrate climate change measures into national policies, strategies and planning

2.4.1 Proportion of agricultural area under productive and sustainable agriculture

Source: Estimated using International Futures: University of Denver
Agricultural Yield Change

Source: Estimated using International Futures: University of Denver
Service delivery

16.6.1 Primary government expenditures as a proportion of original approved budget, by sector (or by budget codes or similar)

16.6.2 Proportion of the population satisfied with their last experience of public services

Source: Estimated using International Futures: University of Denver
